8) Add Restaurant section: When the admin fills in all the fields and clicks on "Add Restaurant," the restaurant is added successfully, which is correct. However, if the admin enters a wrong spelling or incorrect restaurant name and wants to edit it, there is no option to edit the restaurant name. The restaurant edit page is not currently visible. This issue needs to be fixed.

Note: When creating the restaurant edit page, you need to add filters for both "Select Country" and "Select City."

Note : auditor will not edit the restaurant or hotel once he add

Auditor will see the message that " Only admin can change/ edit the name " when auditor try to change the name of hotel/restaurant in restaurant/hotel page

3) Any restaurant added by the admin will automatically appear on the front end, and the auditor for that particular city can vote on it. However, if an auditor suggests or adds a restaurant or hotel, it will first require the admin's approval. Only after the admin approves will other auditors be able to vote for that restaurant or hotel. Otherwise, the admin can reject or delete the restaurant/hotel added by the auditor.
